WELCOME

I invite you to this year's Catholic Health Australia Governance Symposium.

Catholic health and aged care ministries have evolved over decades to respond to changing clinical needs, changing regulatory requirements, changing social and community need, and different financing imperatives. Over time, governance and management approaches have also changed within Catholic health and aged care ministries as part of the evolution and flourishing of the Church.

This Symposium is held every two years by CHA and is to assist those in roles of governance to understand their role in accordance with Church practice and expectations. The Symposium is an opportunity for our leaders and governors to come together, with this year's theme Stewards of the Mission encountering a 'Change of Era'.

I encourage all Boards Directors, Trustees and senior executives of CHA member services to gather at the 2019 CHA Governance Symposium.

– Mr Paul Robertson AO
Chair, Catholic Health Australia Board

Participants will be invited to engage with Pre-Conference Papers (available from early August).
